Experience

UBC UX Hub - Logistics Director

JUN 2026 – PRESENT

Lead the planning and execution of UBC UX Hub's flagship events, Design Sprint and UXathon. Manage event logistics and team coordination to create engaging experiences that foster creativity and hands-on UX/UI design.

Women In Data Science (WiDS@UBC)

VP Internal

JUN 2026 - PRESENT

Lead the planning and design of social events and community initiatives for WiDS at UBC. Create engaging experiences that strengthen team connections and build an inclusive community.

Marketing Design Director

JUN 2025 - JUN 2026

Helped shape WiDS' visual identity by designing digital content, event graphics, and promotional materials. Created engaging posts and collaborated with other clubs to grow our presence across Instagram, LinkedIn, & TikTok.

HappyVV - Product & Community Intern

JUN 2025 – JUN 2026

Designed UX/UI features to improve usability and engagement on WeHappy, a bilingual social media app. Translated and localized content while collaborating on digital campaigns and community growth initiatives.

UBC Arts Undergraduate Society - Graphic Designer

JUN 2025 - JUN 2026

Created original graphics and visual content for UBC AUS social media, events, and campaigns. Developed creative design concepts that strengthened AUS branding and boosted student engagement.

UBC Visual Cognition Lab - Co-Pilot

APR 2025 – SEP 2025

Assisted with research on how people perceive scatterplots and correlations, focusing on human-computer interaction and data visualization. Collaborated on research exploring how visual perception relates to AI and cognitive systems.

University of British Columbia - Senior Orientation Leader

APR 2025 – SEP 2025

Planned and designed large-scale orientation events and visual assets alongside staff. Led and mentored a team of Orientation Leaders through recruitment and training.

Skills

Design

User Research, Interaction Design, Wireframing, Prototyping, User Interface, Sketching

Software

Python, R, SQL, JavaScript, Git, React, Node.js, Figma, Canva, Adobe Illustrator, MS Office

AI & Data

Machine Learning, Scikit-learn, Data Analysis, Data Visualization, Claude Code, AI-Assisted Prototyping

Education

University of British Columbia

SEP 2022 - MAY 2027

B.A. Cognitive Systems, minor in Data Science
CGPA: 3.90/4.33

Universitat Pompeu Fabra

JAN 2026 - MAR 2026

Study abroad in Barcelona, focusing on business and product management classes

Projects

Arc'Trail - April 2025 | youCode 2025, 🏆 Best Beginner Team

Led UX/UI design and user research in a 24-hour hackathon, delivering a winning solution for community collaboration. Created user flows, wireframes, and Figma prototypes focused on clarity and accessibility. Worked closely with developers to ensure seamless design-to-code handoff using React.

roominate - January 2025 | nwHacks 2025

Designed and prototyped a roommate coordination app in Figma, prioritizing simplicity and shared usability. Conducted user research to identify pain points in co-living, informing key features like shared calendars and expense tracking. Built and tested core app features in Swift to align with user needs.
